

MERCURY FOUND IN KOSHLONG FISH

High levels of poisonous mercury, in some cases almost five times the allowable limit, have been found in Koshlong Lake some 10 miles east of Minden.

The startling announcement by the Ministry of Natural Resources came this week and was accompanied by a warning to pregnant women and those who may become pregnant, nursing mothers and young children to not consume any fish from this lake.

The Ministry advised all others to consume only occasional meals of fish from the contaminated lake.

Located in Glamorgan Township, Koshlong Lake is a popular cottage and resort area known for its Lake Trout, Smallmouth Bass and panfish.

In its report, the Ministry revealed that some 16 Lake Trout from Koshlong Lake had been tested for mercury. They ranged in size up to 9 pounds and were found to have mercury contamination in varying amounts from .32 to 1.90 parts per million.

The average or mean level of mercury contamination amounted to .99 parts per million.

Highest acceptable level is set at .5 P.P.M.

Average length of the fish tested was 24.2 inches while weights averaged a little over 5 pounds.

According to Ministry officials it is believed, but as yet unproven, that the high level of mercury contamination found may actually come from the mercury content of the Pre-Cambrian shield and its gradual leaching into Koshlong water by drainage and runoff.

The lake itself is fed from watersheds and springs and drains into the upper arm of the Burnt River.

With a surface area of 990 acres, Koshlong Lake has 7.1 miles of shoreline, a maximum depth of 140 feet and an average depth of 34 feet.

Only other possible mercury source would be from aerial contamination borne in from well outside the general area, say officials. There are no industries or other suspect pollutants anywhere in the area.

Recently lakes in the Muskoka were found to contain mercury contamination.

According to Steve Toole, the Ministry's Fish and Wildlife Supervisor, Minden District, testing for mercury will continue on a

Special Guest

It was the annual meeting of the Minden Red Cross and some 46 persons were on hand Monday evening at The Fireside to hear special

guest speaker Chief Superintendent Fred Blucher, head of community services for the Ontario Provincial Police. Chief Superintendent

Blucher stressed the importance of continuing good relations and co-operation between the O.P.P. and the Red Cross in building a better

community and illustrated his talk with a special film. Above, left to right: Mrs. Helen Stott, Chief Superintendent

Blucher, Alan Stott, President of Minden Red Cross, Mrs. Betty Spry, Regional Vice-President and Jim and Helen Burton annual meeting convenors.

Sociable Lynx visits Minden home

A sociable Lynx that gets its kicks out of hanging around the Minden home of Ron Buchanan can probably enjoy himself unmolested providing he behaves himself.

So far, the Lynx, a rare and beautiful member of the cat family has confined himself to peering in the window at the Buchanan's tom cat 'Kitty' and yowling at their front door.

The addition to the Buchanan menage was first noticed by Ron about a month ago when he returned home late one evening from his shift with the Ontario Provincial

sampling basis throughout Haliburton County.

Police at Minden. He found the Lynx standing up at a recreation room window peering in at a much disturbed family cat. The Lynx took off. Then last Monday evening Ron's wife Denise was stopped in her tracks as

Denise Buchanan

she started upstairs to bed by some insistent 'howling and yowling' right outside the front door.

'I turned on the outside light and opened the door', said Mrs. Buchanan, 'but he moved away about 50 feet or so where he sat down. He was about the size of a Springer Spaniel'.

Mrs. Buchanan said that later that same night her husband was awakened by the animal's roaring just outside the house.

Visits from wildlife are nothing new for the Buchanans, however. Just last Spring a large black bear came to the house, then stood up and leaned against the door.

Weather blamed for poor Snowarama turnout

Uncertain weather conditions were blamed Sunday as participation in Snowarama hit an all-time low in Haliburton County.

While riders last year

totalled well over 200 and raised some \$18,000, turnout for this year's ride was 130 with a little over \$10,700 in pledges riding

Res.
457-1110

This past week we received replies from both the Ministry of Tourism and the Ministry of Transportation in regard to our submission on G-65 signs. They remain firm in their intention to remove the "You are now entering" signs from all tourist regions such as ours. The Honorable Mr. Bennett says "I regret that you continue to pursue this matter and not accept the revision of policy that, we believe, will benefit the Haliburton Highlands in Central Ontario". There seems to be something lacking here in attitude. Mr. Bennett and Mr. Snow were elected by the people of this province to represent them in government and carry out their wishes. The Chamber of Commerce represents those same people and our responsibility lies with making their wishes known and we do not intend to stop pursuing this matter until our membership indicates such a wish. The minister refers to awareness studies and consumer protests that indicate they are making the correct decision. If the ministry is doing this type of research we should have results of such surveys made available to us. We have recently sent out a questionnaire to our membership and among other questions we asked "Are you concerned that we may lose our G-65 signs that identify our county borders?" To date we have 34 yes and 3 no respondents. We think this indicates that we are acting on behalf of our membership.

Mr. Snow suggests that if we wish to retain the signs we could do so by paying the actual cost of having the signs made and erected, which works out to about \$225.00 to \$250.00 each. He fails to explain why we should be faced with putting up new signs at this cost when of course the signs are already there now, and merely have to be left in place and maintained.

We had also inquired of the Honourable Mr. Snow why we could not seem to get Haliburton identified on arteries leading to our area. He did not answer the question regarding the Muskoka end of the Vankoughnet Road. We also mentioned Highway No. 60 at the junctions of both No. 11 and No. 35. He said "It is our policy to identify major ends of routes and it is for this reason that "OTTAWA" and "LINDSAY" are shown at the locations to which you refer." According to our road maps highway No. 60 ends near Renfrew, and highway No. 35 ends at New-castle, and therefore do not follow this line of reasoning. We also note on the map that No. 507 from Buckhorn to Gooderham is shown as a secondary "Highway". Don't you believe it!

The Tourism Seminar in Peterboro, which is being put on by the Ministry of Industry and Tourism, in co-operation with our Central Ontario group is coming up on March 16th. The theme is "Marketing a Small Business" and should be a very worth while day. The cost is only \$15.00 per person for the entire day including lunch and dinner, or only \$8.00 for the seminar without the dinner. Registration is limited and requested in advance, however some of our members tell us they have not yet received their registration forms in the mail. If you wish to attend and have not yet received this form please contact the Chamber office immediately so that we can see that you are registered.

For several weeks now we have asked here in the column for information to be submitted on all events planned for this June, July and August. Would you believe that the only response has been from the Haliburton Kinsmen in regard to their Hom & Cotage Show planned for this June. Please - we can only help promote your events if you tell us about them.

Last Call! Anyone wishing to participate in the Sports-men Show with the Chamber should have advised us by now - we have room for a few more participants but we must hear from you today.

COMING EVENTS

No injuries in second school bus crash

Eight young public school children escaped uninjured last Thursday afternoon when the school bus in which they were riding home from school was struck by a truck.

It was the second such incident in just two months.

The accident occurred about 4:30 p.m. last Thursday on the Old Donald Road.

According to police the eastbound bus driven by Arthur Lee, 67, of Haliburton had stopped at a "T" intersection when a

southbound pick-up truck driven by William W. Hartin, 45, of Haliburton skidded on ice and into the bus.

Damage totalled some \$900. while Hartin was charged by Police with failing to yield.

Investigation by Provincial Constable Gary Chapman.

Last February 1st a school-girl and a passenger in the other vehicle involved suffered minor injuries when a school bus was struck by a van on the Sawyers Lake Road.

Announce two grants

John Eakins M.P.P. Victoria-Haliburton this week announced the first of a series of meetings for citizens of Victoria and Haliburton Counties. He said he expects to have more of these set up on a quarterly basis and more often if necessary.

The first meeting will be held in Minden, on Friday March 18, 1977, at 2-6 p.m. in the Municipal building. Two further meetings are scheduled: one at

Haliburton on Monday, March 21, 1977, at 2-6 p.m. in the Municipal Building; and the other at Wilberforce on Tuesday, March 22, 1977, in the Board Room of the Lloyd Watson Memorial Centre, from 2 until 6 p.m.

Mr. Eakins said he feels it is most important that people today have ready access to government.

"It has been my experience that many citizens just don't know where to turn for assistance, or even just plain information. It is part of my plan to be available as much as possible to the people in our communities who just do not have the facilities for travel," he said.

Tourism seminar

John Eakins M.P.P., Victoria Haliburton, and his party's spokesman for the Ministry of Industry & Tourism, said last week he hoped that as many tourism operators as possible in Victoria and Haliburton counties will plan to attend a seminar to be held at the Holiday Inn, Peterborough, on March 16, 1977.

It is open to all operators in the Central Ontario Tourist area, and the seminar will centre around marketing and small business.

Rotary Skate-a-thon April 1st.

The 2nd annual Minden Rotary Club Skate-a-thon will be held on April 1st.

The money raised will be shared on a 50-50 basis with half going to the co-sponsoring organizations that the individual skaters for and the rest to the Rotary Club for Community work.

The 1st Rotary Club Skate-a-thon held last year raised \$4,000. The Club hopes this year to substantially exceed that figure.

All members of Haliburton County Council will be skating for their favorite organizations again this year. Some of these organizations are: Hyland Crest Senior Citizens' Home, the Churches, Public Schools, Minor Hockey and Figure Skating. Last year the Public Schools alone raised over \$1,000.

This is how the Skate-a-

thon works.

Each organization will recruit skaters to skate on April 1st over a sixty lap distance on the ice surface at the Minden Community Centre. Each skater has 30 minutes to finish the 60 laps. Since this is not a race the speed will be paced so that there will be no problem for any skater to keep up. Each skater will be given a form so that they can get pledges for each lap skated. It is hoped that if your group is in need of finances you will join in the skate-a-thon by either participating or arranging for skaters to skate in your name.

So that time can be arranged for your group would you please contact Bob Beene as soon as possible at 286-1774.

Sherborne, McClintock Livingstone get grant

Sherborne, McClintock and Livingstone is one of 46 Municipalities allocated grants totalling some \$1,529,007 under the Ontario Home Renewal Program (OHRP). Housing Minister John Rhodes announced last week.

OHRP provides per capita grants to Ontario municipalities to administer directly as loans to homeowner occupants to repair their houses to an acceptable municipal minimum standard.

The Sherborne grant totals \$29,000 and is for the full amount requested by the Municipality.

The grants announced last week represent various portions of the total 1976-77 funding designated under OHRP for each municipality.

The prime objective of the program is the correction of faulty structural and sanitary conditions and

the upgrading of plumbing, heating and electrical systems of the owner occupants home.

"OHRP" is directly oriented to low and moderate income homeowners with a maximum annual income of \$12,500", Mr. Rhodes said.

Loans of up to \$7,500 can be given to eligible owner occupants to bring their homes up to the standards adopted by their municipality. A portion of the loan can be "forgiven" depending upon the income of the recipient. Interest rates vary from zero to eight per cent, again depending on income.

OHRP extends home renewal possibilities to owner occupants in any municipality in Ontario, urban or rural, which has adopted either a minimum housing standards bylaw or a resolution setting such standards.

Mrs. Eleanor Hall of Minden, above left, was presented with this plaque plus a gold pin for her ten years service in Minden as a Red Cross Volunteer at the annual meeting of Minden Red Cross Monday at the Fireside. Presenting the plaque is Mrs. Betty Spry, Reginal Vice President.

PASSING

FROM P. 1

bottle of beer. Stopped minutes later by Provincial Constable Barry Connelley, driver Lloyd H. Shelley, 21, of Huntsville was charged with passing a school bus, have open liquor in his car and impaired driving.

The following morning provincial Constable Dennis Potter warned a Haliburton woman after she drove passed a stopped bus at Victoria Street School.

Later that same day a car driven by Larry W. Anderson, 18, of Minden passed a stopped bus discharging High School students on Minden's Main Street.

Police charged Mr. Anderson with passing a school bus. Investigation by Provincial Constable Jim Solway.

Warning that passing a stopped school bus exposes children to unnecessary danger, police this week reminded motorists to be especially watchful. When a school bus is stopped on a road and the red, alternating lights are flashing vehicles must stop in both directions.

POOR

FROM P. 1

on them.

Riding out of Minden were 78 snowmobilers carrying some \$5,663.50 in pledges. Riding out of Haliburton were 52 riders carrying \$5,079.50 in pledges.

Rider carrying the most pledges was David Dodd of Haliburton. He rode for Jack Courteney of Kitchener who was unable to take part in the ride, though carrying \$1,292 in pledges. Rider carrying the most pledges for Minden was Basil Cowen of Dundas Ontario.

Heavy late week rains and soaring temperatures were partially offset by slightly crisper Saturday night temperatures to provide fairly good trail conditions for the ride Sunday morning. The ride, sponsored by the Minden and Haliburton Rotary clubs, had been postponed from its original February date because of severe slush conditions on the lakes.

Following the ride officials were lavish in their praise for members of both the Haliburton County Snowmobile Club and radio-equipped C.B.ers who patrolled the route.

Report from Queen's Park

John Eakins, M.P.P.

UNACCEPTABLE

Despite the pleas of local government and the Haliburton Highlands Chamber of Commerce, plus newspapers such as the Progress, it is obvious that Queen's Park is determined to destroy the identity of the Highlands of Haliburton.

If you have read the Chamber column on page two and the Letters on page five of this week's Progress then you know to what we refer.

It is Queen's Park's intention to remove all highway signs identifying our Highlands for motorists and tourists and to replace them with signs denoting simply the Central Ontario region to which we belong, along with the Kawarthas, the Highlands of Hastings, etc.

Now, despite strongly-worded protests that spell out quite clearly the folly of this proposal, Queen's Park's only response is to say, in effect, stop bothering us...after all, we know what's best for you.

With this comes the suggestion that if we really want to retain our existing identification signs we can purchase them for 200-odd dollars each.

It is difficult to have faith in a government that refuses to listen, let alone consider, local opinion.

It is difficult to have faith in a government that as its solution to a problem such as this offers to retail to you the signs already bought, paid for and installed for years.

Each and every community in this province that relies to any extent on tourism and the tourist dollar must have local identity and the means to present it.

Otherwise the competition between communities for tourists becomes something akin to Russian Roulette.

And that is not good enough for most tourist-oriented business communities; most certainly it is unacceptable in the Highlands of Haliburton.

The GAINS Programme - a type of Guaranteed Annual Income System - was introduced to benefit residents over 65 years of age and those who are blind or disabled. Benefits for senior citizens are administered by the Guaranteed Income and Tax Credit Branch of the Ministry of Revenue, whilst the blind and disabled are taken care of by the Ministry of Community and Social Services.

In order to qualify for assistance under the GAINS Programme, people must have lived ten consecutive years in Canada, with the last full year in Ontario, immediately prior to applying for benefit (prior to April 6th, 1976, only five consecutive years of residence in Canada were necessary). Alternatively, one must have lived in Ontario for one full year immediately prior to applying for GAINS and have been resident in Canada for periods totalling twenty years since reaching age eighteen, or have lived in Ontario for periods which add up to twenty years since reaching age eighteen.

Items considered income are earnings from employment, net income from a profession or business, income from superannuation, retirement pensions, annuity payments and other sources, including pensions from any other countries, which are taxable in Canada. Bank, bond, mortgage and other interest are included, as are net dividends and net taxable capital gains, unemployment insurance benefits, net rents from property and income from family allowance. Old Age Security and Guaranteed Income Supplement payments are included, as well as payments from the Canada Pension Plan or Quebec Pension Plan.

If the total income from all sources is below the guaranteed minimum, which is reviewed every three months, a cheque is sent each month from the Ontario Government to qualified recipients to make up the difference. At the present time the monthly minimum for senior citizens is \$279.35 (as of the 1st January 1977) for a single person - \$558.70 for a married couple who both qualify. The current minimum for the blind and disabled is \$250, although this is due to be changed soon, I

understand.

People over 65 years of age who receive OAS/GIS payments from the federal government, need not apply for the Ontario GAINS Programme.

Their eligibility will be determined automatically. Those who do not meet the residency requirements for the Old Age Security Pension, but appear to satisfy GAINS requirements, should request an application form for GAINS by writing, visiting or telephoning the Ministry of Revenue at Queen's Park in Toronto (M7A 2B3). You may call the Ministry free of charge. Dial "O" and ask the operator for ZENITH 8-2000.

If you are blind or disabled and are now receiving assistance under Ontario's Family Benefit Programme, you will receive your benefits cheque each month, automatically. You do not have to apply for it. If you do not receive Family Benefits, you may qualify for the special benefits programme.

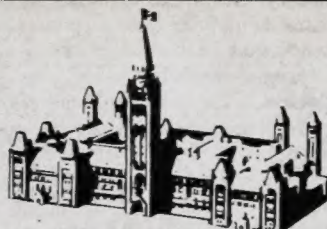

Applications must be made through the District Office of the Ministry of Community and Social Services. Dependents of special benefits recipients will receive additional assistance, based on the size of the family and the ages of the children.

This programme does not apply to the totally unemployable, who have been transferred to Family Benefits from General Welfare Assistance.

Those who qualify for the special benefits programme, Family Benefits or the federal Guaranteed Income Supplement are entitled to receive approved drugs on prescription, free of charge. A card should be mailed to you automatically, but if you qualify for this assistance and have not received the drug benefit card, please contact the Ministry - either Revenue or Community & Social Services. Ontario doctors, dentists and pharmacists have a list of drugs approved by the Ministry of Health which may be dispensed free of charge under the Drug Benefits programme.

See you next week.

OTTAWA and Small Business

A small fairy tale

by JIM SMITH

Once upon a time, there was a country which had a very large government sector. And, because the government was so large, it forgot how to think small. The government developed basically big projects and dealt primarily with big companies. This was fine with the government bureaucrats because it made their work easier.

As it happened, however, the very big companies were generally owned and operated by foreigners. Consequently, when the big firm received a government contract, it farmed out much of the work to the foreign head office.

Gradually, some strange things happened to that country. A great deal of money and jobs left the country because so much work was being done abroad. The country failed to develop or retain any important techno-

logy; all the research and development was done by the head offices. And, because there were relatively few big firms, there was little competition to keep costs of government contracts down. The price of the bigness-oriented policies was frighteningly high.

Feeling smug? Don't. The fairy-tale country is Canada. Our governments do deal primarily with large, foreign-owned firms. And we are paying unduly for bureaucratic expediency.

In the United States, it's different. The U.S. Congress has passed laws requiring that, wherever possible, small businesses should be involved in public purchases, whether aerospace projects or office supplies. On very large, expensive projects, the main contractor is expected to sub-contract much of the work to small firms. Last year, this policy resulted in

one-third of the federal government's total spending of \$54 billion being directed to small business.

What has the American public gained from this policy? The Canadian Federation of Independent Business reports that a study commissioned by the U.S. government found that actions to bring small business into the public sector contract process have reduced the cost of public purchases by 20 per cent!

Meanwhile, in Canada, there is no positive policy involving small business. Often, small firms are discouraged from public projects. And you can sum up Canada's disappointing lack of progress in one easy fact: more than 30 years after the U.S. Congress passed laws to assist small business, the Government of Canada still doesn't have even a definition of what constitutes the small business sector.

LETTERS

March 4, 1977

Letter to the Editor

Our riding MPP has recently published a statement on national unity which I find fuzzy and insufficient. Most of it is taken from the words of a Toronto radio announcer. Mr. Eakins says he has some thoughts of his own which he hopes to express soon. If ever there was a time for Mr. Eakins to express his own thoughts, it is now. If he believes Canadians are mumbling to themselves, especially those in this riding, he is ignoring reality.

People in Victoria-Haliburton definitely are not mumbling. Many are speaking strongly. They are saying Trudeau was elected in 1968 as the saviour of Confederation. Nine Years later we face more talk of separation than ever before. We face a situation which may be one, and I hope that I am wrong, where the more English Canada gives and co-operates towards the goal of bilingualism and national unity, the more Quebec demands. At the same time, Quebec restricts the language and culture rights of the non-French in Quebec. Many people are feeling that it has become a one-way street. These people are not mumbling. They are speaking plainly and strongly in frustration after nine years of much give and little take.

Mr. Eakins has obviously been affected by the Trudeau-Liberal harangue on bilingualism - which ignores all other Canadian racial minorities such as Italian, German, Dutch, Greek, Ukrainian, and the many others in Canada. He admits that they, (and we) are being forced to be bilingual in nine provinces while Quebec. We should while Quebec forces unilingualism on English and other minorities in Quebec. We should note that the unilingual forcing in Quebec was not started by Rene Levesque. It was started by a Liberal by the name of Bourassa - remember?

I intend to give you some thoughts now, not some day soon."

From: Jim Webster,
Victoria-Haliburton PC Candidate

Two weeks ago the Progress published a series of letters documenting the protest by the Haliburton Highlands Chamber of Commerce of a Queen's Park proposal to replace Haliburton Highlands highway identification signs with Central Ontario Travel Association signs. The following letters have now been received by the Chamber in response.

Mr. Bob Stinson,
Secretary-Manager,
Haliburton Highlands
Chamber of Commerce,
Box 147,
Minden, Ontario.

Dear Bob:

Thank you for your letter of February 1st concerning the revision of policy concerning the erection of G-65 signs as it affects your area as a member of the Central Ontario Travel Association.

I regret that you continue to pursue this matter and not accept the revision of policy that, we believe, will benefit the Haliburton Highlands in Central Ontario.

I believe that by now you have received a letter dated February 18th from my colleague, the Honourable James Snow, Minister of Transportation and Communications which outlines in detail the impact of the new policy.

As far as this Ministry is concerned, I would like to re-emphasize the importance of detailed travel counselling and utilization of comprehensive publications - not to mention the new Official Ontario Road Map. Our Ministry's awareness studies and consumer pre-tests again and again indicate that potential travellers to Ontario relate to Ontario as a province rather than individual parts. In fact, you will note that in all our international advertising, we associate Ontario with Canada since it has been our experience that our marketplace cannot identify with Ontario alone.

In a sense, I am asking you to rely on the promotional programmes undertaken by this Ministry and, I would ask you to continue expressing your concerns through the Central Ontario Travel Association.

Sincerely,

Claude Bennett,
Minister.

Dear Mr. Stinson:

This is in response to your letter of February 1st, 1977, with respect to the G-65 signs and the signing of Haliburton at the intersections of Highways 11 and 60, Highways 35 and 60 and from Bracebridge on Highway 11.

The Ministry of Industry and Tourism has now advised that Tourist Councils will be permitted to retain the existing Tourist Region signs if they wish to do so, but will have to pay the actual cost incurred in the future. However, the Province will continue to subsidize the signing for the 12 new travel Areas. As you are probably aware the present initial fee of \$15.00 and the annual fee of \$3.00 barely covers the administration costs of these signs. The cost of material and manufacturing of a 36 inch by 96 inch G-65 sign averages about \$175.00. Erection cost varies due to the distance erection crews must travel and as a result, the average total cost of each sign installation would be approximately \$225.00 to \$250.00. Further information on this matter will be available at our District Offices for all concerned when a new policy is finalized.

With regard to signing Haliburton at the above locations, it is our normal policy to erect signs indicating county names only at locations where the highway crosses the county boundary. It is our policy also to identify major ends of routes and it is for this reason the "OTTAWA" and "LINDSAY" are shown at the locations to which you refer.

I am sure you can appreciate that it is necessary to limit the number of signs and the amount of message to a level which can be read and comprehended quickly and safely by motorists. Highway guide signs show information that is essential to the motorist and are intended only as a guide to be used in conjunction with the more detailed information available on the Official Road Map. County boundaries are also shown on the Official Road Map. Since the routes to Haliburton County are clearly shown on the road map, we are reluctant to establish a precedent by erecting signs for the county on highways beyond its boundaries.

I trust this explains our position in this matter.

With kindest regards, I remain,

Yours Sincerely,

James Snow,
Minister.

Perform a death-defying act.

Give Heart Fund.

Give Heart Fund

The Bionic Nose

Each year, fire claims some eight hundred lives in Canada - almost thirty-five per cent of those deaths occur in Ontario.

According to the Ontario Safety League, home fire deaths could be drastically reduced if every home and apartment had at least one "bionic nose": a home smoke detector.

Ontario Fire Marshal's statistics indicate that a high percentage of home fire fatalities occur during the family sleeping hours when human vigilance is at its lowest. Many of the victims probably never knew of the impending danger but slept soundly in their beds while smoke and poison gases soundlessly snuffed out life. Those who did awaken found a nightmare environment of choking fumes and superheated gases. An oxygen-starved brain, blurred vision, and seared lungs brought pain, disorientation and death.

Smoke detectors monitor the air as opposed to heat detectors - popular in industrial situations - which monitor temperatures. The heat detector's usefulness as a home safety device is limited. Most home fires smoke and smolder for some time before heat in the surrounding area build up significantly.

Smoke detectors, on the other hand, operate by monitoring the surrounding air - electronically "seeing."

or "sniffing" it and sounding an alarm at the first "sniff" of trouble. In fact "typical" dwelling tests fires indicate that smoke detectors usually activate long before the surrounding temperatures rise even a few degrees. They allow the family to escape before fire fouds the air with smothering, lethal gases which may accompany the smoke.

A good "bionic nose" can be picked up for between \$30 and \$60. However, the Ontario Safety League notes that there are no federal standards for fire alarms and warns that unscrupulous operators can sell inferior products, giving homeowners a false sense of security.

The League suggests that you look for an alarm that is approved by the Underwriters Laboratories of Canada and has the ULC label. Products made in the United States should bare the UL (Underwriters Laboratories) label, although it must be noted that many people regard the Canadian standards as being higher than the American counterpart.

These labels assure the buyer that the device meets certain standards and thus should do the job safely and reliably.

Home smoke detectors are easy to install and blend into any room decor - much the same as your home's thermostat or apartment

"talk box". Since the detector is of greatest value when everyone is asleep, the best location would be on the ceiling in the area or hallway outside the bedrooms. Depending on the configuration of your house or apartment, more than one smoke detector may be needed. Be sure to follow the installation instructions that come with the unit.

Depending on your locale, smoke detectors can be purchased at a variety of outlets including hardware stores, some department stores, and other retail establishments. Some national retail catalogues have them listed. Where these are not readily available, look under "Fire Alarm Systems" in your Yellow Pages or check with your local fire department.

The Ontario Safety League notes that a smoke detector is of no real value unless everyone in the family knows the proper action to take when the alarm sounds. The League recommends that every household should have a planned and practiced escape plan. If you are unsure about escape routes ask your local fire department for assistance in mapping them out.

FOR OUT OF THIS WORLD RESULTS

John Eakins, M.P.P.

Hall's Lake News

Doreen Stinson

Saturday's weather certainly left things up in the air in-so far as the Rally was concerned, but evidently things improved during the night and by Sunday morning there was enough new snow and the ice on the Lakes was such that the snow machines could travel.

A good crowd came on through to Hall's Lake and were taken care of at the checking-out point at Lorelea Lodge, where good food was provided.

Bookings at Sandy Lane Resort and Lorelea were good over the weekend and a crowd from around Unionville came for their yearly outing. The MacFarlands of Fort Erie were also on hand.

Sorry to learn that Al Rawlins had an unfortunate fall from his ladder while removing snow and ice from his roof and is laid up with a bad back. We also hope that Lily Rawlins will soon be feeling much better from her bout with the cold and flu.

The local Seniors who curl with the Monday afternoon men in Minden are looking forward to their banquet this evening, when we understand their wives will be on hand to prepare and serve the meal. Mr. Bill Lindsay will run the Euchre at Club 35 in the absence of Art Hunt for this Monday's card party.

Mr. and Mrs. Chris. Stott of Hamilton spent the week-end with the Stinson's, enroute from their daughter's home in Ottawa. Driving conditions on Saturday through the Park were about the worst they can ever remember.

It was a good week-end business wise and a good number of city people came up to enjoy a run through from Kennis Lake just on their own, not knowing about the Whipper Watson Rally.

Church at St. Stephen's on Sunday was attended by Nine faithful members and the Reb. Douglas Brown conducted the Communion Service.

Best wishes to Mrs. Laura Mole in Civic Hospital, Peterborough, and trust she will soon be able to be home again.

Mrs. Hazel Welch spent another week-end at home with the McGuires and their daughter, Marilyn Anderson.

The MacDonalds had their friends and Peers from Lakefield with them for the week-end and together they attended the benefit dance in Haliburton. Ross and Carole also attended and all seemed to have a good time. Evidently the Disc Jockey provided very good music.

For catering purposes, all tickets must be
purchased prior to date of event.

The Senior League

Extendicare in Haliburton Village marked its first birthday last week and some 200 persons from around the County joined residents to celebrate the occasion. Many of the residents of Hyland Crest Senior Citizens' Home in Minden were also present. In the top photo Mrs.

Emily Davidson, 96, of Haliburton, first person to enter Extendicare after it opened a year ago, had the honor of blowing out the candle on this big, delicious birthday cake. Mrs. Davidson came to Haliburton 12 years ago following the death of her

husband William John Davidson. The Extendicare residents and guests celebrated the day with sing-songs, lower photo, and were enjoyably entertained by the 'Al Blanchard' Group, with Al on guitar, Oscar Stewart on violin, Neil Howe on

base guitar, Lloyd Madill on electric guitar. Miss Sheila Elstone, Extendicare Administrator played the piano and welcomed everyone to the birthday party while residents Charles Plewman and Jake Gill played the harmonica and sang.

NOTICE

Townships of Anson,
Hindon & Minden

PRELIMINARY TAXES

The Preliminary tax bills have now been mailed to each taxpayer. The bill is based on half the 1976 mill rates.

If paid by March 31, 1977, a discount of 2% is made. It is payable at par until April 18, 1977. A penalty of 1% is added on any outstanding balance on April 19th and on the 1st of each month thereafter.

The 1977 mill rates are expected to be set in May and the final bills, which will reflect the balance of taxes, will be sent out at the end of June.

Eating well!

These days, so much is written about nutrition that you may wonder of indeed you are feeding your family well. "Follow a guide to good eating, plan your menus accordingly and you should be well fed," say food specialists at the Ontario Food Council, Ministry of Agriculture and Food.

The Ontario Food Council distributes free of charge a one page Guide to Good Eating. It suggests you eat according to food groups. There are four food groups: milk; meat; fruit and vegetables, cereals, bread and pastas. The Guide tells you how many servings from each group you should eat

each day. If you prefer to eat six times a day, just make sure you've had the total number of servings from each food group in that day. It's easy.

Following the Guide will make it much easier for you to plan meals and shop according to the plan. Once you get used to it, you'll wonder how you ever got along without it.

So request "Guide to Good Eating Every Day" from the Ontario Food Council, Ministry of Agriculture and Food, Legislative Buildings, Queen's Park, Toronto, Ontario. M7A 2B2.

About the Town

with Jeane Sears

We are comparison shoppers; many of our friends have told us of the bargains in neighbouring cities but if you don't remember the prices in our village stores you might pay more. Remember, have a list, it is surprising how much you might spend on items you really don't need.

All his friends send good wishes to Wilfred Ackersblade who has been a patient at Civic Hospital, Peterborough.

Suggestion—now is a good time to go through dresser drawers and clothes closets and get clothes out that need cleaning. If you find any good used articles, set them aside for one of our village rummage sales.

At the weekly mini Card Party at the Parish Hall last Thurs. afternoon winners were for euchre high and lone hands Harry Cowan, and Della Griffin; for bridge Florence Cooper and for cribbage Cora Hewitt and Joyce Hewitt.

The Boy Scout Auxiliary plan a Rummage Sale at the Parish Hall this Saturday from 10 with funds raised to go to their summer project.

We have been pleased with the great coverage of World Figure Skating from Japan, they are surely grace in action and do some figures you wonder how they manage especially the young lady with her broken wrist.

Feet firmly planted on the ground.
So much to see, and many a sound,
Sometimes tis hard to understand
Another who is so close at hand
Thus unable to communicate;
Though thoughts flow fast, yet naught to state
So lost is contact with one another.
To friend or mate, or one's own brother
This is the curse of the introvert,
Who must learn to live, and feel less hurt,
Be contented, and less commanding
Love demands naught, just Understanding.
Mollie Locke.

Mrs Lorne Dawson is home again after a visit with the Jim Dawsons in Ottawa.

There was a goodly crowd of ladies at the World Day of Prayer at Hyland Crest Last Friday afternoon with speaker Mrs. D. Miller of Minden United Church.

Mr. W. Walker and Mrs. Allan Taylor left on Saturday for a Bus Tour through part of the United States.

Weekend guests with their parents included Gerald Coulter of Toronto and Vern Graham of Ottawa.

Muriel Ewing, Chris and Scott and a friend enjoyed a weekend with her parents Mr. and Mrs. M. Sears.

Do you think this is true? While enomouse strides have been made in communication, in recent years, there's still a lot to be said for a friendly smile. Franklin P. Jones
It's grand right now

When you look from your window.
Flashes of colour of many a hue
Red, and yellow and brown and blue.
Our feeding station has many a guest,
During the many flurries from the west.
It's been a hard winter for our Feathered friends.
We wonder when it will all come to an end. Jay

The fund raising dance by the Fair Board has been cancelled, watch for a later date on this.

Our mild weather has taken down the snow a good deal. Watch when you turn off the side of the road it might be soft there, anyway drive carefully.

Cheerio until next time.

Driver charged

No one was injured but one driver was charged by police in a head-on collision

between a car and truck last Saturday afternoon on the Scoth Line Road. Police charged Chris Coneybeare, 17, of Minden with failing to share half the road way after his eastbound car collided with a westbound pick-up truck driven by Ronald G. McKelvey, 37, of Minden. Damage to the two vehicles totalled \$1,000. Investigation by Provincial Constable Bob Pearson.

CORPORATION OF THE TOWNSHIP OF STANHOPE NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIP OF STANHOPE TO CLOSE THAT PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN BROKEN LOT NUMBER 20 AND BROKEN LOT NUMBER 21 IN THE TENTH CONCESSION OF THE TOWNSHIP OF STANHOPE.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 284, Section 443 of the Municipal Act, that the Township Council of the Corporation of the Township of Stanhope proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, R.R. 1, Haliburton, Ontario on Wednesday, March 9, 1977 at 4 p.m., a by-law to close, stop up and convey the following:

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope, in the Provisional County of Haliburton, in the Province of Ontario, being composed of part of the original road allowance between Broken Lot Number 20 and Broken Lot Number 21 in the Tenth Concession of the said Township, more particularly described as follows:

PREMISING the Western Limit of said Lot 21 in the Tenth Concession to be on an astronomic course of North 20 degrees 51 minutes 40 seconds West and relating all bearings herein thereto;

COMMENCING at a point in the Western Limit of said Lot 21, distant 329.3 feet measured on a course North 20 degrees 52 minutes 40 seconds West thereon from the Southwesterly Angle of said Lot 21;

THENCE continuing on a course North 20 degrees 51 minutes 40 seconds West along the Western Limit of said Lot 21, a distance of 470 feet to the intersection of the Western Limit of said Lot 21 with the inner limit of the road allowance along the shore of Little Hawk Lake;

THENCE in a general northwesterly direction following the said inner limit of the road allowance along the shore of Little Hawk Lake to the intersection of the said inner limit of the road allowance with the Eastern Limit of said Lot 20;

THENCE on a course South 20 degrees 51 minutes 40 seconds East along the Eastern Limit of said Lot 20 a distance of 500 feet more or less to a point in the Eastern Limit of said Lot 20, distant 332 feet measured on a course North 20 degrees 51 minutes 40 seconds West thereon from the Southeasterly Angle of said Lot 20;

THENCE North 71 degrees 29 minutes 00 seconds East, 66.05 feet to the POINT OF COMMENCEMENT.

THE PARCEL as herein described is shown outlined in red on a plan and field notes of survey dated January 16th, 1952, signed by Charles P. O'Dale, O.L.S., of record in the Ministry of Natural Resources, Ontario, a duplicate of which plan and field notes is attached to and forms part of this deed of land.

AND TAKE FURTHER NOTICE, that before passing the said By-Law at its meeting to be held at the time and place above mentioned, the Township Council of the Corporation of the Township of Stanhope, shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said by-law and who applies to be heard.

DATED AT STANHOPE this 11th day of February, 1977.

Healing Substance: Shrinks Piles

Exclusive healing substance
proven to shrink hemorrhoids and
repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

All this was accomplished with a healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores. Satisfaction or your money refunded.

Declining moose herds cause later 1977 season openings

There will be no moose hunting in Haliburton County this year while moose hunting seasons will be later in five other Ontario Zones due to declining Moose herds, Natural Resources Minister Frank S. Miller announced last week.

Besides Haliburton, the Territorial District of Parry Sound, District Municipality of Muskoka, County of Renfrew and parts of the Counties of Frontenac, Hastings, Lennox and Addington and Peterborough north of Highway 7 will not be open to moose hunting this year.

Hunting pressure on the moose herd will again be moderated by seasons opening after the rut. The season north of Geraldton will open two weeks later for both residents and non-residents. All seasons will again open in midweek.

A new Archery Hunting Zone has been established in the Kapuskasing-Hearst area and the Archery Zone south of Timmins has been expanded to include a more varied terrain.

In much of the far north (Albany River area), where access is limited and hunting pressure is low, seasons will open between September 15 and September 27 for residents and between September 15 and October 4 for non-residents. Seasons close in these areas on December 15 and November 15 for residents and non-residents respectively.

The season in northwestern and north central Ontario will be from October 11 to December 15 for residents and from October 18 to November 15 for non-residents. Exceptions include an October 4 resident and October 11 non-resident opening in the Red Lake area and an October 18 to November 30 resident season and October 25 to November 15 non-resident season in the area north of Geraldton.

The area where only residents may hunt will open on October 11 and close December 15.

In the northeast, the Hearst-Kapuskasing-Timmins-Cochrane area will have an open season from October 18 to November 15, while the Kirkland Lake-Gogama-Chapleau area season will run from October 18 to October 31. The Temagami area will be open from October 11 to

October 31 for both residents and non-residents.

The season for the Sault Ste. Marie - Blind River-Elliott Lake area will be open from October 11 to October 31 for residents and October 18 to October 31 for non-residents.

The Espanola-Sudbury-North Bay area will be open from October 11 to October 24, with a resident-only season north of North Bay.

Dates set for citizens' meetings

John Eakins, M.P.P. Victoria-Haliburton, revealed last week that he has been informed by the Honourable John Rhodes, Minister of Housing, that two area municipalities have received financial assistance through his ministry.

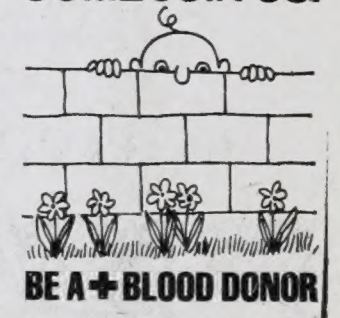

Fenelon Falls will receive \$1,800.00 and Verulam Township \$3,098.00.

The grants are designed to assist municipalities and planning boards in preparing official plans and zoning by-laws or in bringing these up to an acceptable level.

The funds can also be used to prepare zoning by-laws to replace minister's zoning orders, to finance planning programs for unorganized municipalities or for other relevant planning studies.

These grants are allocated as part of the Ministry of Housing objective of helping municipalities and planning boards prepare sound planning programs.

ONTARIO ELECTRICAL LEAGUE VICTORIA - HALIBURTON CHAPTER NEWS LETTER

1. When a fuse blows never replace it with a fuse of a higher ampere rating. A blown 15 amp fuse should always be replaced with only a new 15 amp fuse. Overfusing is dangerous.
2. Never try to cheat the fuse system by substituting a penny or other metal object for a fuse.
3. Some power tools have a three pronged plug. Don't remove the extra prong just to make it fit an existing outlet. The third prong provides grounding for your protection.
4. Constantly blowing fuses and overheated wiring is a danger sign. Have your wiring checked to be sure its perfectly safe.
5. When painting eavestroughs or working around the house--keep ladders well away from incoming service wires and the service mast.
6. When buying any appliance make sure it is CSA approved. Look for this symbol on a tag - or on the manufactures name plate. It's your assurance of safety.
7. If you're moving house always remove the range and dryer fuses from the distribution panel before you leave.

Peterborough McDonalds oust Jadek Sports

Peterborough Sportland captures 1st. Annual Bantam Tournament

Peterborough Sportland Oshawa Black Hawks

Champions of the 1st annual Minden OMHA Bantam hockey tournament, Peterborough Sportland Minor

Consolation champions of the OMHA Minden Bantam tournament, Oshawa Black Hawks.

The 1st Annual Minden Invitational Bantam Hockey tournament is now history and the Peterborough Sportland Minor "A" Bantams are Champions and holders of the 'Yake Electric' trophy.

In the Championship Game, Sportland tangled with their cross-town rivals, the Peterborough McDonalds Major "B" Bantams and emerged victorious, 4-1.

Bruce Ogilvie scored the winning goal for Sportland late in the first period. Doug Evans, Glen Hopkins and Steve Connelly scored the other Sportland goals while Nick Delpellaro replied for McDonalds.

In the Consolation Final Oshawa Black Hawks blasted Orillia CYO Wiles Transport, 6-2.

Todd Smegal led the Black Hawks to victory in the third period with two goals and an assist to blow open a tight 3-2 game after two periods. Joe Colacicco, Dave Martin, Dan Martin and Rick Craggs rounded out the Oshawa scoring. Orillia marksman were Shawn Fitzgerald and Will Caldwell.

Oshawa took home the 'Reg Welch' trophy as Consolation winners.

Scott Arbuthnot played one of his finest games of the year in the tournament opener for Minden's Jadek Sport Bantams. He scored three goals in the game, including the winner late in the third period to give Minden a 5-4 come from behind victory over Orillia.

Orillia jumped on Minden early for a 3-1 lead but this didn't stop the Minden boys from turning on the power in the third period, scoring three times to wipe out a 4-2 Orillia lead. Tim Davies and Ronnie Yake got

the other Minden goals. Dan Burns and Mike Ciesielski each had two for Orillia.

In other first round games, Peterborough Sportland swamped Barrie's Green & Ross Tire Stores, 9-1; Jr. McGee had three for Sportland, Doug Evans, two and singles went to Pat Maloney, Steve Connelly and Mark McInnis. Barrie's lone goal was scored by Robbie Rinnard.

In the third game of the quarter-finals, Peterbo-

rough's McDonalds Major "B" Bantams blanked Oshawa Black Hawks, 10-0. Phil Harrington scored the hat trick, Rick Peel, Darryl Steenberg and Peter MacBean each scored twice while Bill Gillam had one.

In the fourth quarter-final game, Creemore Giffin Farm Equipment downed Warsaw Legion No. 511, 2-0. Dave Scott and Alex Hargraves scored for Creemore.

In semi-final action, Peter-

borough Sportland doubled the score on Minden 6-3 to sideline the Jadek Sport boys from further tournament play.

The Jadek bantams opened up a 3-1 first period lead but Sportland came back with four in the second and one in the third to win easily. Ronnie Yake, Tim Davies and Shawn Chapman scored for Minden. Doug Evans led Sportland with two goals, Pat Maloney, Bruce Ogilvie, Mark McInnis and Steve

Morgan added singles.

In other semi-final action Orillia CYO took a hard fought 4-3 victory over Barrie. Will Caldwell, Pat Nacarto, Shawn Fitzgerald and Randy Salmon scored for Orillia. Replying for Barrie were Randy Bobbette, Jimmy Walker and Kelly Cummings.

Oshawa Black Hawks made it to the Consolation Championship in the semi-finals by drubbing Warsaw 5-2. Dave Martin was the outstanding player on the

ice in this game, scoring three times. Paul Fogul and Todd Smegal had singles. Warsaw goalgetters were John Condon and Gary Nelson.

Peterborough McDonalds made it to the Championship game with an easy 4-1 victory over Creemore. Bill Gillam led Mac's to their win with two goals, with singles going to Rick Peel and Darryl Steenberg. David Scott prevented the shutout for Creemore.

Andy Salvatori scores winner in Huskies 5-4 thriller

On Wednesday evening at the Haliburton Arena in front of some 400-plus rabid Haliburton County hockey fans, the Haliburton Huskies edged the Lakefield Kingdon Lumber Kings, 5-4, to go up 3 to one in their best four of seven Central Ontario Junior "D" semi-final hockey series.

Tim Oram opened the scoring for Huskies at 7:11 of the first period while on the powerplay, assisted by Tom Curry. The Kings came right back and scored twice in less than two minutes at 13:43 and 15:04, by Wayne Kimble and Gerry O'Grady. However, the first period ended 2-2 as Bernie Nichols banged a wrist shot off the Kings netminders stick, after being set up neatly in the slot by Joe Roberts. This was also a powerplay goal. At the end of one the Huskies outshot Kings 16-12, Kings picked up three minors and Huskies one.

Dave Hartwick stacked the

Huskies to a 3-1 lead at 1:50 of the second period with one of the prettiest goals ever scored in the Haliburton Arena. He picked up the puck at the red line and deked four Kings out of their skates before tucking the puck under a sprawling goalie.

Kings went up again 4-3, scoring two goals in thirty seconds by Gerry O'Grady and Jim Thompson.

Four minutes later, Joe Roberts took passes from Tim Oram and Bernie Nichols to tie the game 4-4 after two periods. The Kings outshot the Huskies 16-6 while Huskies amassed six minor penalties and Kings four.

Andy Salvatori then broke into the Kings end midway through the third period, faked Lakefields goalie to the ice and calmly flipped it over him for the winner. Huskies outshot Kings 16-9 for a game total of 38-37. Kings picked up 15 minutes in penalties in the third

for 29 over the game and Huskies accumulated 13 for a game total of 27.

First star of the game goes to Andy Salvatori for his winning goal and his tenacious checking while killing off Huskie penalties. Second star to Gerry O'Grady of Kings for his two goals and one assist and third star goes to that steady rearguard of the Huskies, Larry Stinson.

FAST RELIEF FOR

CORNS

M.N.R. evens series with Foamblowers

The Ministry of Natural Resources came up with back to back wins last week to even their best three out of five playoff series with the Rockcliffe Foamblowers at two games apiece, forcing the series to a deciding game.

The first contest saw Bill Watson and Jim Martin fire a hat trick each in leading their mates to a 9-7 victory and a one game deficit in their quarrel final tilt. Weldon Popp, Ken Jackson and Harris Steele added single markers for the victors. Steele also had three assists and did Alex Millar.

Scoring in a losing cause were Dean Hewitt, with a hat trick, Leigh Bull with a pair of goals, and Jim Todd and Larry McKnight with single scores. Hewitt set up three goals while Bull had two assists in a fruitless effort for the Foamblowers.

The fourth game of the series saw the M.N.R. pump

a barrage of shots at Keith McIntosh in the Rockcliffe net managing to get nine markers behind him.

The Foamblowers came up flat for this contest which enabled M.N.R. to shoot at will. This win brought M.N.R. back on even terms at two games each and forces a fifth and deciding game, tonight (Wednesday) at 10 p.m. in the Minden Arena.

Reports indicate that the only player on the Foamblowers team who showed well was their goalie, Keith McIntosh, who faced over 50 shots.

Scoring two goals each for the winners were Harris Steele, Warren Snyder, Bill Watson and Jim Martin while Ray Howard added the single tally. The Rockcliffe's lone came off the stick of Leigh Bull.

Remember that the fifth and deciding game goes tonight (Wednesday) at the local arena at 10 P.M.

SPORTS

Kevin Warburton fires winner

Minden Atoms lead play-offs 2-0

The Yake Electric/Red & White OMHA Atoms made it two in a row over Ops on Sunday, downing Ops in their own Arena, 5-3 in overtime.

Ops opened up a 3-1 lead after two periods but Minden scored two goals in the space of 18 seconds in the third period to force overtime.

Don Jewell got the first goal for Ops early in the second period after a scoreless first period. Jeff Stamp tied the game three minutes later and then Billy Quackenbush scored twice to end the period 3-1. Jeff Stamp took a pass from Kevin Warburton and fired a high shot into the net to cut the margin to 3-2. Eighteen seconds later, Scotty Yake tied the game on a neat setup from Stamp. Early in the overtime period, Kevin Warburton was sent in alone and easily beat the Ops netminder for the winning goal and a two nothing lead in the best of three series. Paul Walker fed a beautiful pass to send Kevin away. The final goal was scored by Robbie McLeod, unassisted.

Coach Gary Warburton told this reporter that four boys really stood out in this contest, with great offensive

and defensive play, Greg Newell, Scotty Yake, Kevin Warburton and goaltender Scotty Denilko.

The next game in this series goes Friday evening at the Centre, starting at 7 p.m.

Atoms Win 9-1

The Minden Yake/Red & White Atoms opened their League semi-final play-offs at the Centre on Friday evening and walked off with a laugh, 9-1, before a good sized Minden crowd. The second game in this best three of five series will be Sunday in Ops and then back at the Centre in Minden on Friday at 7 P.M.

Kevin Warburton led the Minden Scoring with three goals, Scotty Yake added a pair while singles went to Scott Hamilton, Jeff Stamp, Robbie McLeod and John Dillon. Doug Schell, Robbie McLeod and Scotty Yake each picked up three assists in this game.

Two more tournaments planned for Centre

In the next three weeks the Minden Community Centre will spotlight two Minor Hockey tournaments. On Saturday, March 12th beginning at 8 a.m. the 1st annual Tri County Bantam tournament will get underway.

This is how the first round of games will go;

Minden vs. Fenelon Falls 8 a.m.
Lindsay vs Omamee 9 a.m.
Cannington Vs. Bancroft 10 a.m.
Uxbridge vs Ops 11 a.m.

Then on Saturday, March 26th, Minden will host the 1st annual Novice "A" and "B" tournament. The tournament will also get underway at 8 a.m. and feature two teams from each of

Minden, Haliburton, Bracebridge and Fenelon Falls.

The "A" Novices will be vying for the 'Jack Austin' trophy while the "B" Novices will play for the 'Prentice Roads' trophy. Consolation trophies will also be available in both divisions.

Donnie Quackenbush scored Ops lone goal late in the third period. Ops played a chippy contest all evening and as a result

picked up six minors and a major for highsticking. Minden was assessed three minors.

Mike Wilson wins Pepsi Cola High School Zone finals

Young Mike Wilson of Fenelon Lanes came up with a superb performance in Bowmanville on Sunday when he rolled a four-game block of 1094 to win the Pepsi Cola High School Zone 'j' roll-offs. Mike put together games of 265-302-273-254. Mike now leads the Boys team to the Provincial Championships at Hamilton on Saturday, April 23rd. Two Houses will be used for these Finals, Sherwood Lanes and Sportsman Bowl.

The remainder of the Boys team are, Richard Stacey, Bowmanville, Mike Parsons, Oshawa Lanes, Joey Fusco, County Bowl, and Danny Thordarson, Motor City.

Carnarvon Lanes had five boys in the Roll-offs, with Dave Everall leading the way with 805, Tim Davies, 741, Blaine Sawyer, 730, Less Booth, 644 and Brent Beaver, 598. Diane Cowan represented the girls and rolled 477.

The Girls team going to Hamilton are; Judy Holroyd, Liberty Bowl, Germaine Lagana, Lakeview, Tana Logeman, Motor City, Lauri Moore, Motor City and Donna Sawdon, Motor City. The Mixed team consists of Allan Collins, Motor City, Tom Lovelock, Oshawa Lanes, Wayne Gordanier, Lakeview, Mary Innes, Lakeview and Amy Chow, Liberty Bow.

Haliburton Legion wins Zone roll-offs

Carnarvon Lanes over the weekend was the scene of the 1977 Zone Finals of the Royal Canadian Legion bowling tournament, between, Haliburton, Fenelon Falls, Cobocok, Omamee, Lindsay and Kinmount.

In the team competition, the Haliburton Legion emerged victorious by 445 pins over runner-up, Fenelon Falls no. 2. Haliburton amassed a three game total of 3576 while Fenelon had 3131. Third place went to Cobocok with 3127. These three teams now advance to the District Finals at Lakeview Bowl in Peterborough later this month.

Members of the winning Haliburton Legion were;

Ron Robinson Sr., Ron Robinson Jr., Wes Stata, Gord Everall, Eddie Cox and Ab Cox

Brian Cudy of Fenelon Falls took the high Singles Championship, posting a fine 823 for three games. Second and third place went to Carnarvon's Ron Robinson Sr., and Eddie Cox.

Omamee too the Doubles championship with R. Reh-hill and Bill Acreman teaming up for 1412. Once again Carnarvon took the next two spots, Wes Stata and Gord Everall, 1383 and Eddie Cox and Ab Cox 1382.

Congratulations bowlers and continued good luck in Peterborough.

BROOMBALL

The first game of this year's playoffs has produced an upset unseen in three years of broomball action in Minden.

Playing in the first game of their 4 point series, the Horseshoe Lakers handed Alton Movers, perennial playoff and league champions, a stinging 2-1 defeat enabling the Lakers to take a 1-0, 2 point lead in their quarter-final round.

This was also the second time in two weeks that the Lakers have beaten the Movers. Altons lost 1-0 last week to the same Lakers team, marking the Movers first loss of the season.

Lee Austin opened the scoring early in the first period as the Lakers fore-checked the Movers into mistakes. That goal held up until late in the second frame when Ray Howard got in behind the Lakers defence and laid a perfect pass to Bob Sisson all alone in front of the Lakers net. Bob made no mistake

in blasting a good shot into the net to tie the match.

Again, under the pressure of consistently strong fore-checking, the Movers got scrambling in their own end allowing Tim Chambers to set up Bob Fletcher for the winning tally. It was somewhat an odd goal as the Movers goalie, Kirk Bull, misplayed the ball and it went into his net off the inside of his broom.

The game was a well played, exciting match with the Movers receiving 5 minor penalties while the Lakers picked up 4 minors.

In the other quarter final joust Home Hardware shut-out Tom's Mothertrucks 1-0 to grab a 1-0, 2 point lead in their four point series.

Chris 'Toots' Miles scored the game's only goal in the second frame when he one handed a hard shot into the Truckers net. Both

See Page 13

Along The Trails

with
The Highland Snowmobiler
and Roy Bates

The weatherman was anything but co-operative this year. At the usual time for the running of Whipper Watson's Snowarama for Timmy, early February, the Lakes in Haliburton County were impossible to ride because of deep slush under a thick blanket of snow. The event was postponed for a month with every expectation that by March 6th conditions would improve. February's cold would eliminate the slush problem and allow the portage trails to become solidly packed and smoothly groomed.

Not so this year. The rains came late and were insufficient to completely water up the ice. A thin crust of ice on the surface of the slush provided no more than one week in which the grooming crews could get to the portages to prepare them for the ride. Then more rain two days prior to the event left the lakes awash once more and two inches of wet snow contributed to provide a thoroughly sloppy mess for the morning of the Sixth.

Nevertheless, Snowarama '77 must be considered a success. Something like \$16,000 was recorded in pledges by about 130 riders who entered in spite of the poor conditions. The trip was very well organized with the Rotary Clubs of Haliburton and Minden manning the check points and road crossings and with excellent C-B radio communications from point to point.

The Haliburton County Snowmobile Association is to be congratulated for doing their best to get the dryland sections of the route packed and free of moguls. We cannot say the trail was totally smooth for surface, softened by the mild weather, was not holding up well. It was, however, in much better condition than in previous years.

On behalf of the crippled children of Ontario, we express our sincere thanks to the riders who punished their machines and to the people whose generous pledges made it all worthwhile.

PRIVATE VS. PUBLIC

There are in Haliburton County two commercially operated private snowmobile trail systems. These are the well-known Haliburton Forest and Wildlife Reserve and Woodlands Ranch. Trails in these systems are open to the snowmobiler upon payment of a daily trail fee which fee is included with the cost of accommodations for weekend guests of each enterprise.

Mr. Pat Waddell, manager of Haliburton Forest, a charter member and the first President of the Haliburton County Snowmobile Association, declared the portage route from Redstone Lake to Kawagama Lake to be open to the public and, as well, the section of the Tri-Trail between Kennis and Red Pine, and the Lyssy Lake Trail. All other trails in the Reserve are private, and unauthorized use by the public is strictly prohibited.

Since the Company has established a groomed trail between the base camp at Kennis and Kawagama, which trail makes for better riding than the portage route, unauthorized traffic has been a constant problem. Numerous snowmobilers have been caught using the trail and charged a daily fee, but Pat and his employees cannot catch them all.

With a public trail nearby, albeit a little rougher and hillier than the groomed trail of the Reserves, there is no possible excuse for trespassing in this area. In desperation, the management of Haliburton Forest has resorted to the laying of trespass charges.

Snowmobilers, be warned! Merely having the four dollars handy in case you're caught will not get you off the hook! Similarly, Woodlands Ranch has permitted the Association to establish a trail across that property, which when completed, will connect the Peterson with the Minden area. This trail must not be used to gain unauthorized access to the private trails of the Ranch.

SNOWARAMA

Another Snowarama has come and gone and although this year's ride, the third in Haliburton County, fell short of past years in both riders and pledges, it provided great fun and great moments for those taking part. top: a string of riders round a curve on the 100-mile-long trail. Left - centre: riders register at Minden

while right - centre, David Dodd of Haliburton who carried pledges totalling \$1,292, adjusts the clutch on his machine. He rode for Jack Courtney of Kitchener who found himself unable to ride at the last moment. Bottom: this lineup of Snowarama riders is all set to take off from the Haliburton Village checkpoint.

Beaverton, Mike's Milk Atoms tied 2-2

The Mike's Milk Atoms tied up their play-off series with Beaverton on the weekend at 2-2, when they blanked them 2-0 at the Centre.

Mike Gorveatt and Jack Prentice each scored once for Minden.

Coach Ron Smith had high praise for Jeff Howe who has played extremely well for the Atoms all year but has been a stand-out in the play-offs and a

recent tournament in Bracebridge.

Also playing super hockey for the Atoms is first year goaltender Ronnie Smith. Ronnie picked up two trophies in the Bracebridge tournament for outstanding play.

The Atoms will be travelling to Wilberforce on Sunday to play in a tournament, hoping to bring home the 'Maynooth Trophy' as Champions.

Minden rink wins Haliburton Ladies 'Spiel

by Tom Stinson

Last week-end our local club was invaded by 16 Ladies rinks - all aiming for the SHEA REALTY TRYPHY. After 3 rounds of keen competition, Penny Obee's rink from Minden won with 41 points. Penny had Patty Prentice, Eleanor Hall and Dale Austin ably supporting her. Close behind with 40½ points was the good Wilberforce rink skipped by Silvia Tallman, with Joan Lindsay, Donna Murdock and Sally Stoughton. Haliburton girls took 3rd spot with Linda Beachli skipping a Wilson family rink of Dorothy, Kim and

Bernstein's, Haliburton Texaco, Broham Variety, Kennedy Sales, Cauldron Pharmacy, Laurue Motors, Cordell Carpets, Beachli Construction, Curry Motors, Nancy's Flowers, Eagle Lake Store, Pinestone Inn, Elstone Construction, Pollards, Floyd Hall, Red & White, Haliburton Hairdressing, Silver Eagle Cottages, Haliburton Lumber, Stedmans, Vasey Insurance.

Club play-off's are in full swing, with the top rinks in all Mens and Ladies Divisions competing for the several Annual Trophies, to be presented at the ANNUAL MEETING - to be held April 16th. Next Sunday, March 13th. our Club sponsors the Dov. 4 play-downs for the Governor-Generals OCA Trophy. This is a double rink event, and so far Cannington, Lakefield, Peterboro, Lindsay, Minden and Haliburton are entered. Total score for 2 rinks decide a winner. We also have issued an invitation to Minden Afternoon Seniors to visit with us before the season ends. It seems no time since we were putting in the ice and drawing season's schedules - and here we are in play-offs - Curling makes winter rush by.

Debbie. The girls report a great day of good competition, great sociability and fun. An added feature the men's Club took over the kitchen and bar duties to allow our local girls to curl - enjoying their duties and the sociability to the extent that they were anxious to double up on their duty shifts. It was a good 'spiel' and great prizes were provided by local business people - as follows:

Minor Hockey Executive

Minden Minor Hockey's Executive, l-r, Leroy Nesbitt, Gene Newell, Al Arbuthnot and President, Ross Warburton. All these gentlemen should be congratulated on their tremendous contributions on behalf of Minor Hockey in Minden during the 1976-77 season.

Yake Electric Trophy

Captain Glen Hopkins of the Peterborough Sportland Minor "A.. bantams accepts the Yake Electric Trophy from Mr. & Mrs. Watson Yake, emblematic of the Minden OMHA Bantam Champions of the Tournament.

Reg Welch Trophy M.V.P.

Oshawa Black Hawk Captain, Dave Martin accepts "Reg Welch Trophy", on behalf of his team, as consolation Champions from Mr. Welch.

Goalie Bailey Hamilton, of Minden's Jadek Sports bantams receives Most Valuable Player trophy for his outstanding goaltending against Peterboro, from Gary Warburton.

Alexander Gilbert, better known as Sandy, passed away at the Red Cross Hospital, Haliburton on Feb. 11, 1977.

Born on July 22, 1887 at Twelve Mile Lake, he was the son of the late Samuel and Isabel (Thompson) Gilbert. As a young man he moved with his parents to Lochlin, there he remained on the Homestead and farmed until 1953, when he was stricken with Arthritis, for which he was a silent sufferer for twenty four years.

Mr. Gilbert was a member of the Lochlin United Church, a loyal supporter and attended faithfully as long as health permitted.

He was the beloved husband of Sylvia Bloomfield, dear father of Mervin, Father-in-law of Ruby dear brother of Isobel Hogg, Haliburton, dear Grandfather of Bryce & Bradley of Minden. Rhonda (Mrs. Mervyn Rivers) Pickering, Daryl at home. Great Grandfather of Wayne, Pamela and Michelle Rivers and Tina Gilbert. Predeceased by a Grandson, Byrnell Gilbert (Sept. 1, 1966) also one brother and three sisters.

The funeral service was conducted by Rev. Don Nicholson from the Welch Funeral Home on Monday Feb. 14 at 2 p.m.

The many floral tributes and memorial donations showed the respect that was held by friends and neighbours for Mr. Gilbert. Temporary entombment took place at Ingoldsby Cemetery Vault for spring burial at Ingoldsby Cemetery.

A chapter completed
A page turned
A life well lived
A rest well earned

732-1c

The family of the late Alexander "Sandy" Gilbert express appreciation to friends and neighbours for expressions of sympathy, floral arrangements and the charitable donations in the loss of a dear husband, father and Grandfather. Sincere thanks to Rev. Nicholson for his message, the Welch Funeral Home and to the Lochlin U.C.W. for their assistance. May God Bless each and everyone.

Sylvia Gilbert, Mervin and Family. 732-1p

Home care for County April 1st

Ontario Red Cross Home Care will come into effect in Haliburton County the first of April.

The announcement was made at the Minden Red Cross annual meeting Monday evening by Wilberforce Red Cross President Ken Sanderson who said a special meeting will be held March 21 in the Dysart Town Hall to explain the details involved in the new program.

A number of reports were made on various Minden Red Cross activities during the past year. Water safety chairman Frank Waters reported that some 170 children took part in the swimming program in 1976 and that 250 water safety posters and 1,200 pamphlets were distributed in schools and stores.

Miss Shiela Lane reported on the work of the Minden Red Cross Hospital during 1976, comparing results with that of the previous year:

1975	1976
Admitted 345	367
Births 10	9
Out-patients 2667	2482
X-Ray 1,398	1,076
E.C.G.S 207	192
Treatment 2883	2625
advisement 934	1047
collective day 1,367	1,671

The treasurer's report was made by Donal Berry as follows:
